

COALBOARDSPLIT N WAGE ISSUES

Increase of Approximately 35
Percent a Seven-Hour
Day Are Sought

OPERATORS RETICENT

Outcome of Bituminous Workers'
Negotiations Has No Bearing
on Anthracite Situation

Washington, March 11.—The commission appointed by President Wilson to settle the coal strike has split decidedly on the question of wage increase and hours of work.

The majority, Henry M. Robbins, chairman, representing the public, and Abraham Peale, representing the operators, in a report submitted to President Wilson today, is understood to recommend a general wage increase of approximately 25 per cent that hours and conditions of labor remain unchanged. This increase includes the 14 per cent granted after miners returned to work.

John P. White, representing the minority, refuses to concur in this settlement. He is preparing a minority report in which it is reported that he will recommend a seven-hour day and a wage increase of approximately 35 per cent.

Topo for Amicable Settlement.

In advance of the publication of the reports, officials of the United Bituminous Workers of America would not discuss the probable course of the strike. Since their representatives on the commission had refused to accept majority decision, however, it was regarded as certain that they would accept the settlement in proposal.

William Green, secretary of the union, after a conference with Secretary Tumulty at the White House today, said there was no radical difference between the majority and White and expressed the hope that differences would be ironed out at meetings between the operators and the miners.

President Wilson in inviting the members of the commission to undertake a settlement, said it was important that their conclusion be reached unanimously. Since the commission's decision is not unanimous, it is much speculation as to the president's next step.

The operators would not discuss this matter in advance of a decision by President, but it was plain that miners and some administration officials expected Mr. Wilson to invite the two sides to get together on the basis of the majority and minority report and seek an amicable settlement.

Discuss Anthracite Demands.

New York, March 11.—There was general discussion of the demands the anthracite coal miners are making here today of the sub-committee of operators and miners appointed to negotiate a new wage agreement with the hard coal workers.

Disagreement among members of President Wilson's bituminous coal commission at Washington, will not have any effect on negotiations of the anthracite agreement, officials of the bituminous workers' union declared. The hard coal workers, it was stated, will reach a decision "if possible" regardless of any award affecting the bituminous field.

A disagreement in the bituminous commission, however, resulting in P. White, miners' representative, refusing to sign the award, the mine operators said, would prevent it being used as a basis for any settlement in anthracite field.

The sixteenth demands of the miners calling for continuation of the war time increase to March 21, was eliminated from consideration on the ground that this had already been agreed upon by miners and operators.

The wartime increase granted under a "supplemental agreement" amounted to approximately 40 per cent.

The "open shop" demands were also discussed by the miners' representatives. They declared that this was one of the clauses that the mine workers insisted upon in the new contract.

THREE LIVES WIPED OUT IN FIVE-MINUTE TORNADO

Joseph, Mo., March 11.—Three men were killed in a tornado that struck Joseph, 50 miles northwest of here, this afternoon, destroying part of a three-story building occupied by the bank of Nevada and blowing out windows in the court house.

The men were all in the shoe shine shop when walls of the bank building crumbled on to the shop and crushed them.

The tornado lasted but five minutes.

SIGNS TERRIS BILL

Albany, March 11.—Governor Smith today signed the Terris bill striking the limitation that the number of pardons in the state prison shall not exceed one hundred to 14 prisoners at each institution. The governor also signed a bill which re-appropriates an extended balance of \$7,529 for expenses in connection with the construction of Cayuga and Seneca canal improvements.

INSANE PATIENTS TAX HOSPITAL CAPACITIES

Thirteen Civil Institutions Built
To House 29,344 Persons
Actually Contain 35,579

Albany, March 11.—The 13 civil state hospitals for the insane which were built to house 29,344 patients, actually contained at the end of the fiscal year, ending June 30, 1919, 35,579 in addition to 2,028 on parole, according to the annual report of the state hospital commission submitted to the legislature today.

Despite the fact that considerably more than \$1,000,000 was spent last year for new construction and improvements, the serious overcrowding condition continues, the report stated. Hospitals at the present time are 21.2 above the certified capacity.

During the year 46,086 patients were treated in the civil hospitals, 1,584 in hospitals for the criminal insane and 1,311 in private institutions, a total of 48,981. The hospitals discharged a total of 3,419 patients, of these 1,569 being considered as fully recovered.

Because of the serious overcrowding and high cost of building, the commission stated that it is making vigorous efforts to prevent mental disorders through the establishment of clinics for early discovery of mental disorders and treatment. Total expenditures for the past year totalled nearly \$12,600,000. Owing to the high cost of supplies the average per capita cost of maintenance of patients was \$304.09 as compared with \$262.32 in 1918. Attention was called to the fact, however, that while statistics showed that the cost of commodities had increased 104 percent since 1914, the cost of maintenance in the hospitals for the same period increased only 45.9.

Nearly 90 percent of the patients are entirely supported by the state.

LEVER ACT CONSPIRACY INVOLVES 125 MINERS

Restricted Distribution, Limited
Manufacture and Other Ways
of Price "Boosting" Alleged

Indianapolis, Ind., March 11.—Indictments charging conspiracy were returned against 125 mine operators and coal miners by a special federal grand jury in United States district court here late today.

The charge as reported is conspiracy under the Lever act to enhance the price of necessities by restricting distribution, limiting manufacture and by other means and conspiracy to commit offenses against the United States, as defined in the criminal code.

Names of those indicted will not be announced, except as each defendant is served by a United States marshal with the indictment notice, it was said. All the men are said to be active in the so-called central competitive field, which embraces Indiana, Illinois, Ohio and Western Pennsylvania. More than one-half of the defendants are said to be mine operators.

The indictments are drawn under sections 4 and 9 of the Lever act and section 37 of the criminal code. The penalty upon conviction is said to be a fine not exceeding \$10,000 or imprisonment for not more than two years or both.

TERMINATE KIDNAPPING CASE

Failure of Effort to Get Contradictory
Testimony, Brings Abrupt Ending.
Tombstone, Ariz., March 11.—Abrupt termination of the state's case and the square presentation of the I. W. W. issues were developments of today's session in the trial of H. E. Wootton, charged with kidnapping in connection with the Bisbee deportation of 1917, during which 1,156 men in the Warren mining district were shipped from Bisbee, Arizona, to New Mexico.

The state's announcement that it had completed presentation of its case came after Thomas Grady Green, Bisbee fireman, the fourth witness, offered by the prosecution had been cross-examined by the defense in an effort to show contradiction between his testimony at the present trial and that given by him at the preliminary hearing as Douglas last year.

Court adjourned until 10 o'clock tomorrow morning to permit counsel on both sides to prepare arguments on "the law of necessity" defined by defense counsel as being the unwritten right of a community to bend its members together to take the law in its own hands when it believes itself menaced by peril with which the statutes cannot cope.

TEN ERRORS ALLEGED.

Trenton, N. J., March 11.—Ten allegations of error were contained in an appeal of counsel for Christian Helgeson, Newark brewer, from the decision of Federal Judge Bellah here last Tuesday upholding the constitutionality of the 18th amendment and the Volstead act, which will be forwarded to the United States supreme court late today.

WELSH STEEL STRIKE ENDS.

Schenectady, N. Y., March 11.—The strike of the Welsh steel workers, which has seriously crippled the industry in Wales for more than a week, has been settled.

THIEVING IS RIFE IN SOLDIER HOME

Inmate of Bath Institution Tells
Lieutenant-Governor Walker
of Outrages

RELIEF IS PROMISED

Drastic Changes in Management
of Home Will be Made, Ex-
ecutive Declares

Syracuse, March 11.—Lieutenant Governor Harry C. Walker after questioning Reuben A. Wright, 77, Civil war veteran, here today, relative to alleged brutalities and thieving tactics of attendants and nurses at the Soldiers' and Sailors' home at Bath, disclosed at previous hearings, stated that drastic changes in the management will have to be made.

For more than an hour the lieutenant governor and Cottland Wilbur of Binghamton questioned Mr. Wright as the veteran lay ill in bed. When Mr. Wright in his sworn testimony stated that while at the home, "they tried to make me out insane," Mr. Walker whispered: "I guess your mind is as sound as the mind of anyone."

The witness declared he was "doped" at the home on his birthday, December 14, 1917, and that he was insane for five days. He stated, he saw an old soldier named Pierce choked by an attendant when he refused to take medicine immediately as ordered by an attendant. "Pierce took the medicine," Mr. Wright said, "and I guess he is dead now."

"I saw another man named Mike Dillon lose money in this way. Poor Mike is dead now."

The old soldier described the loss of \$70: "About the tenth or thirteenth of January, 1913, I suffered a stroke and was taken to the hospital. I was unconscious for several days and when I came to I found that about \$70 that I had in a pocket in my clothes was gone."

Mrs. A. P. Ripley, Wright's sister, testified Wright was brought to Syracuse in Sept., 1919. She stated he was taken out of the hospital because of a fear on her part and other relatives that he would break down completely and at the time that he left the institution "his nerves were completely gone."

Legion Will Investigate.

Rochester, March 11.—Announcement was made today by Captain Arthur P. Smith of this city, chairman of the American legion in the seventh judicial district, that he had appointed a representative to attend sessions of the lieutenant governor's investigation into conditions at the state soldiers' home at Bath, to give information which the legion later will decide whether the interests of the Civil war veterans there or the eleven American legion members employed there necessitate an investigation independently by the legion.

BRACKETT TO DEFEND ANTI-SALOON LEAGUE

Criminal Libel Proceedings
Against Anderson are to be In-
stituted by Carlisle Minister

Albany, March 11.—Former State Senator Edgar Truman Brackett of Saratoga Springs has been retained as counsel for the New York State Anti-Saloon league in the proposed investigation of the league before the assembly judiciary committee. It was announced by Superintendent William H. Anderson tonight.

In making the announcement, it was said that Mr. Brackett knows how "things are done at Albany" and that he has been employed "not to procure suppression of any truth in which the public has the slightest valid interest," but to bring out "all the truth that is in any way pertinent." He will make sure, said the statement, "that the investigation is genuine and honest, or make clear why the weis have not made a case."

Assemblyman Louis A. Cuvillier, author of the investigating resolution, stated that he had advised Rev. W. H. Freeman, of Carlisle, at one time employed by the Anti-Saloon league and who has offered to testify at the investigation to bring suit against Superintendent Anderson for criminal libel and that the summons and complaint would be served at once.

ALLEGED ILLEGAL MINING.

Schenectady, Pa., March 11.—Mining engineers employed by the city to investigate the workings of the Oxford colliery of the People's Coal company, who invaded the mine workings last night through an abandoned opening reported to Mayor Connel today that they had found unmistakable evidence that mining had been going on in the mine, which operations were restricted by an order of court. It was also found, it was reported, that coal owned by private persons and held by them for the protection of their property had been mined.

ACCUSE 1916 OF PROFITEERING.

Washington, March 11.—Efforts of the government to check profiteering have resulted in 1,045 prosecutions under the 1916 food control act. Attorney General Clegg is expected to announce the results of these prosecutions.

FEAR SOLDIER BONUS TAX PLAN DANGEROUS

Further National Indebtedness
Would Create Grave Financial
Situation, It Is Argued

Washington, March 11.—Opposing former Secretary McAdoo's plan of reducing taxes by additional bond issues, Secretary Houston and Assistant Secretary Leffingwell today told the house ways and means committee, which is considering soldier relief legislation, that any increase in the present government indebtedness would create a grave financial situation.

Secretary Houston predicted that a bond issue of \$2,500,000,000 necessary under certain plans of adjusted compensation now before the committee "might result in a disaster," while Mr. Leffingwell said "the worst thing possible would be to give bonds to former soldiers, as a great majority of them would cash their holdings immediately."

Both suggested increased taxes as the least harmful way to extend relief. The assistant secretary asserted that even a tax on normal income would add to the cost of living and be directly felt by those least able to bear it.

Any further bond issues would have to bear six per cent interest and would be "a much more serious proposition than it was during the war," Governor Harding of the Federal Reserve board told the committee.

"First, there would be a lack of patriotism which helped in selling bonds during the war," he said, "and secondly we would come into competition with all sorts of commercial investments."

BATTLED TRADE WINDS 3,000 FEET IN SKIES

Major Schroeder Thinks Fuel
Supply Only Handicap to
Greater Altitude Record

New York, March 11.—Trade winds sweeping from west to east at 200 and 300 miles an hour were dispersed at 3,000 feet by Major Rudolph W. Schroeder, army test pilot at Dayton, Ohio, before he fell approximately five miles and landed without crashing after establishing an altitude record of 36,020 feet in a recent flight. He reported this discovery on his arrival here today to attend the national aircraft show.

"At the peak of my climb, where I hung with slightly upward progress for 15 minutes, I found the winds blew toward the east at the rate of 220 miles an hour," he said. "I had started 30 miles west of Dayton, my machine had a speed of 100 miles per hour, and as I steered westward I was literally travelling backward 120 miles an hour or two miles a minute."

"I have not been able to figure out exactly just what the roof of the world really is. I think it possible to go much higher than 48,000 feet, which scientists believe is the ultimate ceiling of the world. But I believe it to be a question of fuel supply."

Major Schroeder said today after his month's furlough granted him to recover from effects of freezing and carbon monoxide poisoning, suffered when his oxygen supply failed him, he would make another aerial exploration.

NEW FOOTBALL SUGGESTIONS

First Formal Meeting of Rules Com-
mittee in Years, Called For Tonight.

New York, March 11.—The first formal meeting of the football rules committee in several years will be held here tomorrow night. It is generally expected the conference will be attended by the entire 11 members, representing colleges and universities from all sections of the country. While a number of radical changes in the playing rules probably will be suggested, it is believed that but a few of these will receive more than perfunctory consideration.

Among the suggestions which may be offered are the following:

Attempted goal kicks following touchdowns to be made from regular scrimmage formation in the matter of a field goal; a reduction of four and a half feet in the space between goal posts which are at present placed 16 feet 6 inches apart; that periods of the game be measured by certain number of plays instead of the regular 15 minute quarters; that a punted ball that strikes on the field of play and then rolls across the goal line shall then be put in play where it first struck.

JOHNSON GIVES ITINERARY OF HIS NEW YORK "SWING"

New York, March 11.—United States Senator Hiram W. Johnson of California, candidate for the Republican presidential nomination, will open his New York campaign March 23 with an address in this city according to announcement tonight by his supporters here.

The rest of his itinerary follows: Brooklyn, March 26; Utica and Syracuse, March 27; Rochester and Buffalo, March 28; Schenectady and Troy, March 29; Manhattan, March 31, and Brooklyn, April 1.

SCANT HOPE NOW OF COMPROMISE

Both Republicans and Democrats
Fail To Pass Substitutes for
Article X Reservation

TREATY DEBATE LULLS

Senator Brandegee Criticising Ar-
ticle X Substitute Warns
Against Its Adoption

Washington, March 11.—During a lull in the peace treaty debate today senate leaders marshalled their scattered forces for another and decisive attempt to reach a compromise on Article X. As a result, some semblance of cohesion was restored among the compromise advocates on the Republican and Democratic sides of the chamber, but the total of votes that could be counted for any compromise still were short of the necessary two-thirds and the leaders expressed little hope of final agreement.

Resurrecting the new Republican substitute for the Article X reservation, the Republican leaders agreed on some changes in wording in the hope that they might regain the support of the handful of Republican senators whose refusal to support the substitute yesterday started a general breaking up of the whole compromise situation. It was understood they had not entirely succeeded tonight, and it remained uncertain whether the revised substitute would be offered when the debate is resumed tomorrow.

Among the Democratic compromise advocates, who claimed upwards of 30 Democratic votes for the substitute last night, work was continued aggressively and the leaders asserted they had made further gains during the day. Late in the afternoon, however, Senator Hitchcock of Nebraska, the Democratic leader, started a determined counter offensive against the new reservation, with the result that the status of compromise on the Democratic side became almost as uncertain as it was among the Republicans.

The best plans that were laid tonight by the most optimistic advocates of compromise fixed the Democratic support for the substitute at 22 and the Republican support for it at 30 votes. That reckoning, if correct, still would leave a shortage of two votes from the 64 necessary to ratify the treaty.

It had been intimated that the Democrats were planning to introduce the substitute if the Republicans failed to do so. There also were more rumblings of discontent among the Republican mild reservationists, and it was said the new draft might be presented from that quarter if the Republican leaders finally decided to discard it.

During the day the treaty was not called before the senate at all, though Senator Brandegee, Republican of Connecticut, one of the irreconcilable opponents, made a speech criticising the Article X substitute and warning that if it were adopted President Wilson might treat it as an interpretation only, accept the ratification and tell the other powers that the reservation did not impair the nation's obligation.

To morrow the treaty will be taken up again formally, though the leaders do not expect a final vote on Article X before Saturday at the earliest.

SHOT SISTER TO AVOID LIVING LIFE OF SHAME

Plot to Spirit Italian Beauty Out
of Country is Reported
to Police

New York, March 11.—Marie Tucci, whom the police of Atlantic City say confessed to the murder in this city of her sister, Mrs. Angelina Conti, was indicted by the grand jury late today on a charge of murder in the first degree.

Assistant District Attorney John F. Joyce, announced that extradition proceedings would be begun at once.

A bench warrant was issued for Miss Tucci and a detective of the Italian squad of the police department started for Atlantic City.

Joyce stated that information had been received corroborating the story that Miss Tucci had killed her sister, believing at the time that only by her act could she avoid leading a life of shame. Word that a plot was afoot to spirit Miss Tucci out of the country by way of a southern port and send her to Italy also had been received, Joyce said. He added that Atlantic City was one of the points scheduled in her trip south.

STRANDED PASSENGERS SAFE.

New York, March 11.—Wireless messages received here late today by the Ward Line company from Captain Curtis of the steamer Esperanza, which stranded off Progress, Yucatan, indicated that the 151 persons aboard were in no immediate danger and that relief from rescue ships was expected within a few hours. The company has dispatched wireless messages to all the vessels in the vicinity of Madagascar reef, on which the ship is stuck, to render immediate assistance.

NOT TO URGE ADOPTION OF INSURANCE MEASURE

Belief That Honest Opinions Can-
not Be Obtained Responsible
for Senator Davenport's Stand

Albany, March 11.—Senator Frederick M. Davenport, legislative champion of compulsory health insurance, will make no effort to obtain enactment of the measure which he reintroduced in the legislature today.

"I shall not urge the adoption of this bill at this session, nor at any time attempt to force public opinion on it," he said.

"The proponents of the measure, namely, the great women's organizations of the state, the labor organizations and many far-sighted employers, wish me to introduce the measure for further discussion and criticism. Since the bill passed the senate last year, public opinion, which then was at least open and receptive for wise experiment, has been deliberately poisoned upon this and certain other measures of great social amelioration, by a subtle and organized propaganda. Public opinion is now befuddled upon this measure. Until the hidden and selfish purposes which lie behind the organized and powerful propagandising and lobbying of certain purely greedy business groups are disclosed, the proponents of this bill believe that an honest opinion upon the merits of the principles of illness prevention and health insurance inside the realm of industry cannot be obtained. I concur with this view."

Senator Davenport said that the bill as offered today is somewhat less wide in its scope than the measure which passed the senate last year and died of neglect in the assembly rules committee. It applies to those employed persons who are confined as "industrial workers" under the workmen's compensation act. The reason for this, it is explained, is that the experiment may be tried first within the industrial area where it is thought to be most needed to increase productive strength and good will. There is no state fund, and the introducer says, it is not state insurance. The state, he explained, does nothing except exercise the "most limited possible geographical and financial supervision."

The bill is designed to provide that the state shall organize industrial establishments in two illness insurance units and watch over the financial operations to see that they are sound.

The Davenport health insurance bill of 1919 precipitated the most noteworthy legislative battle of the session, culminating in the insurgency of four Republican senators, who, by an alliance with the Democratic minority in the upper house obtained the passage of this and three other measures by a bare constitutional majority. The measure had been recommended by Governor Smith in both his messages to the legislature and formed part of the program of the women's joint legislative conference.

MYSTERIOUS DISEASE KILLS TWO PRISONERS

Five Others Become Blind and
Score More Partially So at
Dannemora Prison

Albany, March 11.—A mysterious malady which has caused the death of two prisoners at Dannemora prison, caused five to become blind and 25 to partially lose their eyesight within the past week, was reported by Superintendent of Prisons Charles F. Rattigan upon his return from the prison tonight.

Several prisoners became afflicted last week, one dying Friday and another on Tuesday, and because of the apparent seriousness of the situation, Superintendent Rattigan at once left for Dannemora, where he has since been making an investigation, but as yet without any results. The cause of the trouble is as baffling to the prison physicians and experts from the state department of health as ever.

One opinion early expressed was that the men had partaken of wood alcohol, but Superintendent Rattigan is disinclined to believe this to be the case, as the symptoms were different than in cases of alcoholic poisoning. He also believed that it would not be possible to smuggle alcohol within the prison.

Another conjecture, which was not taken seriously by the superintendent because of what the physicians have told him, was that the men were poisoned by canned goods.

LOWDEN URGES BUDGET SYSTEM.

Jamestown, March 11.—Governor Frank O. Lowden of Illinois addressed a large meeting here this evening under the auspices of the Women's Republican league. He detailed the consolidation of commissions and the adoption of the budget system in Illinois and urged similar policies in the federal government.

FLEET NOT KEPT IN BATTLE FORM

Sims Alleges Months Were Lost
in Dispatching Unit To
the Aid of British

PAYS TRIBUTE TO MEN

Work of Fitting Into British Fleet
Finest Exhibition That the
Admiral Ever Saw

Washington, March 11.—Charges that the Atlantic fleet was not kept in readiness for battle during the war were added by Rear Admiral Sims to his arraignment of the navy department's policy in testimony today before the senate investigating committee.

He told the committee that frequent plans for American warships were disregarded and months were lost in dispatching a squadron of battleships to join the British grand fleet. When the squadron eventually was ordered abroad, it was composed of four ships of different types, evidence that other ships to form a homogeneous unit were "not ready for sea service." He read also a message from the navy department showing that after the four were selected it was necessary to dock them before they could proceed, a delay of another two or three weeks.

Tribute to the officers and men of the battleships was paid by the admiral, who said the work of fitting into the British fleet was accomplished in four days, one of the finest exhibitions he had ever seen. Service with the British, he pointed out, necessitated the abandonment of all the American codes and signals and adoption of the British system.

Requests for American forces to supplement the allied naval patrol, Admiral Sims asserted, were refused at first on the ground that the "future position of the United States must in no way be jeopardized by any disintegration of our main fighting fleet." The admiral declared he was wholly unable to conceive of any war policy, especially in a world war, based upon the requirements of possible future wars.

Admiral Sims charged that it was three months after the United States entered the war before he received a statement of the navy department's policy; that for seven months the department failed to even answer his cable with regard to sending battleships and then denied the request, but a month later reversed its position and ordered the sixth battle squadron abroad; that he first urged the dispatch of all available ships to the war zone on April 23, 1917, but no ships arrived until a year later, although 43 were available to the navy department the day after war was declared in addition to many offered by private concerns; that although he asked on June 28, 1917, that American submarines be sent to the war zone to help combat U boats, it was four months before his request was complied with and then but five submarines were sent, five more arriving four months later.

Admiral Sims requested that the committee state his statement that the war was in danger of being lost by the allies because of the German submarine campaign. The committee agreed to ask Mr. Hoover to appear Saturday to tell of food conditions in the allied countries in the summer of 1917.

Senator Ball, Republican of Delaware, replaced Senator Polinder, Republican of Washington, on the committee, the latter resigning because of inability to attend the sessions.

PLOT TO CURTAIL MILK SUPPLY

Permission to Begin Action Against
Company Issuing Order, Is Asked.

Buffalo, March 11.—An alleged effort by a New York city distributing agency to curtail milk production in the state was disclosed in a report made today to James L. Stafford, state fair price commissioner, and forwarded to the commissioner to Attorney General Palmer.

The report was made by an inspector of receiving stations. He found posted at one station a warning to the creameries not to take milk from additional farmers without first getting permission.

"All dairymen," the notice read, "are urged not to increase their production of milk, but if possible to decrease it."

Commissioner Stafford has asked the attorney general to authorize him to proceed against the company.

ARMY BEEF BELOW COST FOR PEOPLE OF NEW YORK

Albany, March 11.—Twenty million pounds of beef, purchased for the use of the American army in France, is to be distributed to the people of New York state at a figure below the wholesale price. Commissioner Eugene J. Porter of the division of farms and markets announced tonight.

"The method to be followed," Commissioner Porter said, after a conference with representatives of the war department, "will be regulated sales to municipalities for distribution through wholesalers or retailers or direct to consumers so as to prevent the beef from getting into the hands of speculators and profiteers."

EXCHANGE RATES AGAIN CONTROL STOCK DEALS

"Break," However, Exerts Very Little Effect on Any Well Known Quoted Values

New York, March 11. — Influenced mainly by the further rise of British exchange, which proved only temporary, the stock market today made many noteworthy accessions to its recent general and expensive recovery. Early strength of exchange was supplemented by London cables stating that another drop in the gold premium had diverted more of the metal from that market to this center. There were no developments, however, to substantiate reports that extensive gold export to this country are in immediate prospect.

The weekly statement of the Bank of England was interesting for its further substantial gain of bullion, an enormous reduction of holdings of government securities and the marked strengthening of liability reserve. Domestic monetary conditions were unchanged, call money being freely offered at seven percent with very few offerings of time funds. Bankers seemed hopeful that no appreciable tightening of rates would attend impending heavy income tax payments, but advised against extravagant stock market operations.

Except for a perceptible diminution of business in the later dealings, the break in exchange exerted no very pronounced effect on quoted values. Reactions of two to six points were largely regained at the finish, although profit taking was evident.

Trading in bonds was light, but the tone, especially of speculative rails, was strong. Liberty issues eased, with firmness among international. Old U. S. bonds were unchanged on call.

DONATES HER DIAMONDS.

New York, March 11. — Diamonds valued at \$40,000 are to be sold and the proceeds given for Armenian relief by Mrs. Andrew D. White, widow of the former president of Cornell university. It is announced here. Mrs. White explained that inheritance and other taxes precluded a donation from ordinary sources, but because this work was one of her husband's favorite charities, she decided to sell her diamonds which are "too magnificent" for ordinary wear and were worn by her only at diplomatic functions.

HE LOVED HER — SHE THOUGHT HIM HER BROTHER.
John Keith was impersonating Derwent Conniston. He had rehearsed thoroughly every detail of the English officer's life, but had not been warned that Conniston had a sister. And so, when he found her a slim, wonderfully pretty little thing who called him brother, he felt within him the impact of conflict- ing emotions, of contradictory impulses. He loved her instantly; he wanted to tell her the truth, yet he knew that if he did so, he, a fugitive from justice, would be hanged.

POLITICS AT DELHI.

Village Election Next Tuesday Prom- ises to Be Well Contested.

Delhi, March 11. — As recently stat- ed in The Star, no nominations were made at the village caucus on Satur- day evening owing to a failure to post notices within the legal time. There- fore, the voters at the village election will have to write the names of their favorite candidates on the ballots. From conferences and debates where people about the village congregate discussing village matters it would seem it might prove a well contested election. As near as an opinion can be formed from what one can learn, one ticket will be:

Village President — J. Harrison Gray.
Trustee — A. W. Dabben.
Collector — Isabelle Reyer.
Street Commissioner — William L. Decker.
Treasurer — Emma H. Wilson.
Another talked of slate is:
Village President — S. Forman Adee.
Collector — Lizzie Simmons.
Street Commissioner — William Mc- Kie.
Treasurer — Mary B. Adee.
With several prominent men and women mentioned as trustee.

Hamden to Have a Hotel.

Jacob Terry takes possession of the cottage hotel at Hamden on April 1, and at that time will open it to the public. He has also leased the farm belonging to this property and will conduct it in connection with the hotel. Formerly two hotels were con- ducted in Hamden, but for some time past sleeps and eats have not been on tap in the village for the wayfarer.

Joseph Hutchinson Dies.

Joseph Hutchinson, aged 61 years, died in Binghamton and his remains were brought to Delhi on Thursday and escorted to the vault in the cem- etery, by a delegation of Masons from the Delhi lodge. Mr. Hutchinson was a former resident of Delhi village and married the widow of the late John J.

O'Connor. The body was accompanied by the widow and son.

LOCAL MENTION.

—George E. Moore of 15 Church
street is recovering from injuries sus-
tained on Friday last. While trying
to avoid a passing auto, Mr. Moore
slipped on the car tracks, sustaining a
fractured right wrist.

—The Kayser glove factory on Wall
street will be closed today out of re-
spect to the memory of Julius Kay-
ser, founder of this successful busi-
ness, who died early this week at the
age of 83 years.

—The patrons of the new Cafeteria
at the Hotel Oneonta are commenting
on the excellent milk served. It is
from the pure bred herd of Guern-
seys at the Pony farm, which have
passed federal and state inspection
as to health.

—Sidney Linker, local agent for the
National Cash Register company, has
sold machines to the Edwards Valet
System, the Windsor Barber shop and
the Dairy lunch. The latter machine
is on display in the window of the
New York State Gas and Electric cor-
poration and is probably the best cash
register in the city.

—Reassuring word came from the
trolley dispatcher's office at Hartwick
last night, when it was stated the
Southern New York line would be
open for through service today. At
that hour, there remained but two
miles of track to be cleared by the
snow plows, and it was stated that
this would be accomplished by 6
o'clock this morning.

a large attendance when the icy con-
dition of the city's streets is consid-
ered. Mr. Slocum spoke on "Revivals,"
emphasizing the great amount of good
they could do if everybody entered
heartily into the work of soul-win-
ning, and there were no "slackers." Prof. Arnold again had charge of the
musical program, which was well car-
ried out with the aid of a large choir.

Yesterday afternoon, Mrs. Oliver
Arnold, wife of the musical director,
met the ladies at the parsonage on
Chestnut street and plans were formu-
lated for Bible study classes among the
women. Another meeting of the class
will be held this afternoon at the home
of Mrs. Minnie Lunn, 6 Walnut street.
Mrs. Arnold will speak on "The sec-
ond Coming of Christ," and there will
be a general discussion of this topic.
All ladies are invited to attend.

Tonight will be Sunday School
night at the revival services, the Sun-
day school of the First Baptist church
attending in a body. It is planned to
have the meeting over by 8:30, so
that any of the boys (or girls) who
desire to witness the basketball game
at the High school may do so. Evan-
gelist Slocum will give a talk espe-
cially for young people. Everybody,
whether young or old, is invited to be
present. One cannot attend these
meetings without getting some in-
spiration for good.

This morning, from 10 to 10:30,
cottage meetings of prayer for the
success of the campaign will be held
at the homes of Mrs. R. E. Town-
send, 3 Birch street; Mrs. David S.
Dibble, 22 Watkins avenue; Mrs.
James R. Gerling, 35 Burnside ave-
nue; Mrs. Claude L. Smith, 61 Ford
avenue; Mrs. Lynn Murdoch, 494 Main
street; Mrs. Ida M. Harris, 231 Chest-
nut street.

Services at Universalist Church.

Rev. S. D. Butler will occupy the
pulpit at the Chapin Memorial Uni-
versalist church Sunday. The topic
of his sermon will be, "The Rise of
the Lord." Mr. Butler, a resident of
Greenville, has been engaged for a
year by the Universalist church to
preach once a month during the win-
ter and twice a month during the
warm season. He is a very able
speaker and an interesting sermon is
promised to those who attend.

Entertain Social Club.

The Social club of the Chapin Mem-
orial Universalist church was enter-
tained last evening at the home of
Cashier and Mrs. M. C. Hemstreet, at
the corner of Walnut and Dietz streets
with about 50 members present. After
a short business session, the evening
was passed in a social way and later
in the evening refreshments were
served. The occasion was enjoyed by
all.

WILL CONSIDER PUBLIC

PRES. COYKENDALL WRITES EN-
COURAGINGLY ABOUT JOINT
STATION.

In Reply to Letter from Louis W. Wal-
ter, Secretary of Chamber of Com-
merce, Mr. Coykendall Gives Hope
for Its Continuance.

Since the railroads were returned
to the companies much concern has
been felt relative to the con-
tinuance of the joint passenger
and freight stations in this city which
has proven such a convenience and
benefit. It is believed, of value and ser-
vice to both of the railroad companies.

At a recent meeting of the board of
directors of the Oneonta Chamber of
Commerce a resolution was passed di-
recting the chamber secretary to com-
municate with General Manager Gut-
telius of the D. & H. company and
President Coykendall of the U. & D.
railroad requesting the continuance of
the present joint arrangement, urging
that it is indicated by due considera-
tion of the convenience and service to
the public.

The following reply has been re-
ceived by Mr. Walter from President
Coykendall of the U. & D. and De-
laware, which will be read with interest
and satisfaction by all business men
and citizens of the city, indicating as
it does a desire on his part to serve
the public in the most satisfactory
manner possible:

"Dear Sir—I have your letter of
the sixth instant, informing me of the
resolution adopted by the Oneonta
Chamber of Commerce in reference to
a continuation of the present joint
passenger and freight stations. I as-
sure you that we will do everything
in our power to continue all arrange-
ments which have been found to
serve public convenience.

"Yours truly,

"Edward Coykendall, President."

HELD FOR GRAND JURY.

George Sharby, Clothing Thief, Re-
manded to Jail in Default of Bail.

George Sharby of Otego, who was
arraigned before City Judge Hunt-
ing to yesterday morning on a charge of
grand larceny in the second degree,
waited examination and was held for
the grand jury, which meets again
next June. Bail was fixed at \$500,
and, being unable to furnish this, the
prisoner was remanded to the city jail
to spend the night. This morning, he
will be taken to the county jail at
Cooperstown, where he will be kept a
prisoner, unless some friends agree to
bail him out.

As told in yesterday's Star, Sharby
was arrested Wednesday noon by Of-
ficer Simmons on complaint of Max
Greenberg, who conducts a men's
clothing store at 130 Main street and
who had become suspicious of Sharby's
frequent visits to his store. Going
to Sharby's home at Otego, local po-
lice officers found a room full of
men's clothing which had been stolen
from Greenberg's stock.

Sharby confessed that he had stolen
the clothing, but said that this was
the first time he had "gone wrong."
This, coupled with the fact that he has
a wife and three children needing his
support, probably will secure him
some leniency at the hands of the
county court when he is brought be-
fore that body. He does not have the
appearance of a man with a criminal
nature and is only 22 years old. He
retained Claude V. Smith as his at-
torney.

"OLD ALBANY" THE THEME.

Prof. A. M. Curtis Reads Interesting
Paper Before D. A. R.

The March meeting of Oneonta
chapter, D. A. R., was held yesterday
at the home of Mrs. Harry M. Gold-
smith on Chestnut street. There were
about 20 members of the chapter
present and a very interesting session
was held, with Mrs. Goldsmith, Mrs.
VanCleft and Mrs. A. H. Brownell as
hostesses. The paper of the day,
which was read by Prof. A. M. Cur-
tis of the Normal faculty, had for
its topic "Albany," and it was a vivid
description of early life in the capital
city in the days when it was known
as Fort Orange. In addition to the
address, several Irish songs were ad-
mirably sung by Miss Esther Greene
of the Normal faculty.

The April meeting of the chapter
will have as its general topic "The
History of the City of Kingston."

High School Notes.

In assembly on Thursday after-
noon, two interesting orations were
delivered. The first, "The Life of
Dante," was given by Allie Miller; the
second, "The Spirit of Friendliness
Between England and America," by
Julia Morey.

The English IV. classes debated the
question: "Resolved, That the city of
Oneonta should have a Y. W. C. A.
organization and building." The win-
ning teams, the affirmatives in both
cases, were: Chief, Gertrude Eldred,
Grace Smith and Merle Wood; chief,
Alice Seward, Marie Dolg and Dor-
othy Royce.

Have You Ordered Number Plates?

Automobiles should not wait until
the first warm day of spring before
applying for their plates. Thousands
of cars are now tied up on account
of weather conditions. It is expected
that another rush will soon come and
so Secretary of State Hugo is now
asking motorists to apply for the
necessary license plates and insure a
quick delivery. Later on, the auto-
mobile bureau may again become con-
gested with thousands of applications
that will be filed as soon as the roads
become passable. Those who want
their plates and who have not al-
ready sent in their applications, should
do so at once.

CARNIVAL DRAWS BIG CROWD

Hundreds of People Dance and Make
Merry in Dreamland Hall.

Dreamland hall was crowded for
five hours last night with merry-mak-
ers in attendance at the indoor car-
nival and bazaar, which opened with
a vim that promises to make it a
great success, both for those who en-
joy the evening's recreation and for
the Loyal Order of Moose, which or-
ganization is putting on the affair. Al-
though the hall was too crowded for
comfort's sake, yet everybody seemed
to have a good time either in dancing
to the strains of Canning's orchestra
or "taking a chance" on a box of
candy or teddy bear.

It may be safely stated that several
hundred people visited the hall last
night and from 7 o'clock, when the
doors opened, until midnight and af-
ter, when the orchestra played "Home,
Sweet Home," there was general fol-
lowing by both old and young. Much
of the floor space is taken up by var-
ious concessions, all of which had not
yet arrived last night but which will
be put in place today. Vaudeville
acts were given and "Iron Neck Mott"
gave a wrestling exhibition to the de-
light of all. Cash prizes totalling \$25
were distributed last night to the
holders of tickets with the lucky num-
bers, and this will be repeated every
night. The diamond ring contest is
causing much rivalry between the
girls.

The carnival will be held again to-
night and every night to and includ-
ing next Wednesday. The admission
to the hall is ten cents, and the com-
mittee of Moose in charge promises
everybody his money's worth — and
then some.

SNOWBOUND IN ONEONTA.

George Cornell Hears of Snowbanks on
Chestnut 40 Feet Deep.

George Cornell, who is employed at
the Oneonta Barber shop, but who re-
sides on Crumhorn mountain, has
with his feet-footed buckskin race
horse been snowbound in the city since
a week ago Tuesday, the roads between
the city and his home being in such
condition since that time as to render
it inadvisable for him to attempt to
reach home.

Yesterday a letter, evidently brought
down the mountain by someone on
snowshoes, advises him to remain in
the city and make no effort to reach
home until the roads are in better con-
dition. In the letter he is told of a
snow drift in the highway near the
house that is said to be 4 feet deep.
Whether this is an exaggeration The
Star cannot state, but those who have
been out in the country where snow-
banks abound, say that they are deeper
this spring than have been experienced
in years, if ever. One good authority
on country roads is quoted as saying
that not half of the hill roads in the
country have been broken open yet.

Certain is it that with the thaw now
prevailing, that no improvement may
be expected for some days. Mr. Cor-
nell is comfortably situated in the city
and with the horse well cared for at
Brand's stables, he is inclined to ac-
cept the advice sent from home.

Bank of Hobart, \$4,602, and George
A. Shapland, \$188 and Central Auto
Sales company, \$106, both of Utica.
A number of the creditors have judg-
ment.

A FINAL APPRECIATION.

Resume of Drinkwater's Famous Lin-
coln Play Given at Woman's Club.

There was a good attendance of
members of the Woman's club pres-
ent at the "open house" meeting held
yesterday afternoon at the club rooms
on Chestnut street. The afternoon
was mainly devoted to an appreciation
of the famous play, "Abraham
Lincoln," by John Drinkwater, the
great English playwright, given by
Miss Marion Yager, who read several
criticisms and also a notable interpre-
tation of the drama which she lately
had the pleasure of witnessing in New
York. The poetical prologues to
each act and also the whole of Act
III, were given with fine force and
effect by Mrs. E. J. Gurney.

Preceding the literary program, tea
was served by Mrs. A. S. Morris and
Mrs. B. C. Packer as hostesses.

SCHENECTADY HERE TONIGHT

High School Boys Hope to Win Game
from Their Old-Time Rivals.

The basketball game to which all
others are comparatively insignificant,
as far as school interest goes, will take
place at the local High school gym-
nasium tonight, when Schenectady
High school's strong quintet will bat-
tle with the O. H. S. boys for honors.

There has always been keen rivalry
between these two teams, and the
game tonight probably will see the
largest crowd at the gym so far this
year. A section has been set apart for
all O. H. S. students, cheer leaders
and it would behoove those who
have any timidity about going to a place that is noisy to stay away,
for O. H. S. students are reputed to
be capable of making lots of noise
when it is necessary—and sometimes
unnecessary.

Athletic Director Taylor has been
putting the O. H. S. boys through hard
practice for the past few days and they
will be in fine fettle for the contest to-
night. Last season, the Schenectady
team was defeated on the Oneonta
court, and the local boys hope to re-
peat the trick this year.

A preliminary game between the
Oneonta High school girls' team and
a Richfield Spring girls' team will
commence at 7:30. The main game is
scheduled to start at 8:10.

Gives Three-Act Talk on Amusements.

Evangelist E. F. VanHorne gave a
"three-act" talk on Amusements at
the services held last evening at the
Elm Park Methodist church. The at-
tendance was the largest so far this
campaign, the church being filled to
capacity. Excellent music was fur-
nished by a chorus choir and male
quartet.

The three "acts" of Mr. VanHorne's
sermon were dancing, card playing,
and theatre going, and the evangelist
pointed out the evils that often re-
sult from these forms of amusement.

The regular prayer and children's
services will be held today, and to-
night at 7:30, the Sunday school of
the Elm Park church will take a large
part in the program of the evening.
All are invited.

ONE AUTO TO TEN PEOPLE
Figures of Automobile Ownership in Otsego County as Compiled by Secretary of State Hugo.
Otsego county has 4,592 motor vehicles, one to every 19 inhabitants. Official registration figures just announced by Francis M. Hugo, Secretary of State, reveal the part the county has played during the past year in bringing New York State's total motor registration to 571,622, or a year to every 16 persons in the state. New York leads the world in the number of its automobiles, which increased 167,904 last year, or 23 percent over 1918.
The records in Mr. Hugo's office show the following interesting figures from a motor vehicle standpoint for Otsego county: 3,326 pleasure cars, as compared to 3,139 in 1918; 471 commercial, an increase of 142 for the year; chauffeurs increasing from 501 to 614, the county receiving back from the state last year the sum of \$18,156.00 for highway purposes. The county has 171 motorcycles.
The registration of cars and the licensing of chauffeurs last year brought receipts to Mr. Hugo's office of \$5,384,653.50, representing a gain of more than a million dollars for the year. New York State last year registered 440,538 pleasure cars, an increase of 89,719 for the year; 22,572 commercial, a gain of 4,467; 97,346 commercial cars, an increase for the year of 22,067, or 23 percent, automobile dealers' increasing from 2,252 to 2,681.

DEATHS.
Mrs. Elizabeth Hill.
Mrs. Elizabeth Hill, for practically her whole life a resident of Delaware county and for several years of this city, passed away Wednesday afternoon at 5 o'clock at the home of her daughter, Mrs. Anna MacGregor, on Scotch Mountain, near Delhi. She was 88 years old.
Mrs. Hill was born in Glasgow, Scotland, on April 23, 1832, and came to this country with her parents when about four years of age. They first settled at Kortright, and for most of their lives remained in that county. When 29 years old, deceased, whose maiden name was Elizabeth Spies, was married to Joel Hill of Merckth, who died many years ago. About 50 years ago, Mr. and Mrs. Hill were residents of Oneonta Plains. Since her husband's death, Mrs. Hill had lived with her son and daughter.
Mrs. Hill is survived by one son, Eustace Hill of Davenport, and by one daughter, above mentioned; also by one brother, Thomas Spies. There were eight other children, but all are deceased. Thirteen grandchildren and nine great-grandchildren also remain to mourn the death of Mrs. Hill, several of whom live in this city. Mrs. Ella Hill of 12 River street is a daughter-in-law of the deceased.
The body of Mrs. Hill will be brought to Oneonta Saturday morning and the funeral held that afternoon at 2 o'clock at the home of one of her grandchildren, Mrs. Stewart P. Burgett, 12 Gilbert street. Rev. Norman S. Burd, pastor of the West End Baptist church, will officiate, and the body will be placed in the Plains vault for later burial in that cemetery.
Mrs. Hill was a woman with a wide acquaintance and had a multitude of friends in Otsego and Delaware counties who though regretting her death, will be glad that she lived to such a ripe old age.

FUNERALS.
Augustus F. Wing.
The funeral of the late Augustus F. Wing was held at 2 p. m. Thursday at the home of Mr. and Mrs. O. A. Miller, 221 Main street in this city. The service was conducted by his pastor, Rev. Charles S. Pendleton of the Main street Baptist church, who read appropriate passages of scripture and followed with remarks suited to the death of one who had in truth been a patriarch in Israel. At the conclusion of his remarks, the body was placed in the Riverside vault for interment later in the family plot in that cemetery. The bearers were Dr. O. C. Arbox, Jay Champlin, M. H. Quackenbush and Bert Ackley, who were fellow deacons of Mr. Wing in the church. Practically all the deacons and the entire body of deaconesses, as well as many friends, were present at the service.
There were many beautiful floral offerings, among them tributes from the Baraca class and from the board of deacons.
Mrs. Dell F. Kohn.
The funeral services for Mrs. Dell F. Kohn were held at 11 a. m. yesterday at her late home, 121 Main street. Her pastor, Rev. R. A. Forde, of St. James' church officiated, reading the impressive ritual of the Episcopal church, after which the body was placed in the Plains vault for later interment in the family plot at Glenwood. The bearers were William Lafeau, John J. Kirwin, Edward Ferns and Frank McDougall.
There was a large attendance of friends of the deceased, among them the members of the Lady Macabees, who were present in a body. Among the numerous and beautiful floral pieces were tributes from the Lady Macabees, the Order of the Golden Seal and St. James' guild, of which, along with the other organizations mentioned in The Star of Wednesday, she was a member.
Among those present from out of the city were Mr. and Mrs. William O. Kohn of New York city, son and daughter-in-law of the deceased; and Edward Griffin of Cooperstown, who was her brother-in-law.
Card of Thanks.
For the many beautiful floral tributes from friends and organizations and for numerous acts of kindness during the illness and following her death, the husband and son of Mrs. Dell F. Kohn desire to express their heartfelt thanks.
Dell F. Kohn.

GEORGE HAD ANOTHER GUESS

Old Gentleman Had Also Been Doing Some Thinking About the High Cost of Living.

A congressman who is investigating the high cost of living said to a Washington correspondent:

"The h. c. l. is responsible for many vagaries and queer complications.

"A young chap who had got engaged to a girl was talking over the future with her.

"With prices what they are," said the girl, "we must be content, George, dear, with a small flat and one or, at the most, two servants."

"George coughed.

"It's my idea," he said, "to live with your old man the first couple of years."

"But, George—"

"That's my idea," he interrupted.

"Think of the money we can save. No rent, no light, no grub bills, no coal."

"But—"

"I insist on this thing," George interrupted again. "I tell you, I—"

"Then the door opened softly and the girl's father entered the room.

"Children," he said tenderly, "I have decided that when you get married I'll come and live with you for the rest of my life."

Brothers Side by Side in Gloomy Sing Sing

The boys, who are eighteen and nineteen years old, respectively, were sentenced in Orange county for robbery. They said they had witnessed a robbery in a movie and on their way home decided to try their hand at being highwaymen.

Lumberjack's Appetite.

We heard some time ago that the managers of the lumber camps had decided to refuse free feeds to the vagrant lumberjacks, drifting from camp to camp, but not till we saw a lumberjack eat did we understand the impulse that led to the decision. After eating his fill, if one of the fellows should try to push his way down a logging road, he would get stuck between the trees and probably stay there until he starved. —Detroit News.

What Neighbors Say

Malden on the Hudson, N. Y. — "I have taken two boxes of Dr. Pierce's Anuric Tablets (anti-uric-acid) and they have helped me wonderfully. Now I am feeling fine. Before I commenced to take them I had rheumatism quite badly but it left me after taking the 'Anuric Tablets' and they helped me in other ways. I feel better and stronger than I have felt in a good long time. I cannot say enough in praise of Anuric. Also Dr. Pierce's Pleasant Pellets are fine for constipation and stomach trouble. I keep them in the house all the time. I would not be without them and I do not fail to recommend Dr. Pierce's medicines whenever I have the chance." — MRS. ADDIE BRODERICK.

ONE WEEK'S EXPERIENCE

Rome, N. Y. — "I can highly recommend the Anuric Tablets to anyone suffering with kidney ailments, backaches and rheumatic conditions. In one week's use of Anuric I obtained greater relief than in many weeks with any other remedy and my general health is better. It is a real pleasure to recommend Anuric because it is so worthy of praise." — MRS. MARY McNEILL, Ruridale.

SUFFERED WITH BACK

Syracuse, N. Y. — "I have been greatly benefited by the use of Dr. Pierce's Anuric Tablets (anti-uric-acid) and Dr. Pierce's Pleasant Pellets. I was suffering with my kidneys and rheumatism in my back. For weeks I could not straighten up and today I can straighten up and my back is all right. Am feeling fine.

"Dr. Pierce's medicines are O. K. I would recommend them to any one." — MRS. E. M. HICKOK, 124 E. LaFayette Ave.

A Gift from Dixie

Southern Mothers Have Found a Way to Treat Children's Croup and Colds Without Internal Dosing

ALL mothers everywhere know that children's stomachs are delicate and their digestions easily disturbed, and therefore they should be given as little internal dosing as possible. Yet croup and colds come often and certainly cannot be neglected.

A North Carolina Druggist Solves the Problem

Thanks to Lunsford Richardson, a druggist in Greensboro, N. C., this problem has been solved, and Southern mothers have been given a method of treating cold troubles externally. Mr. Richardson discovered a salve that would vaporize by the body heat when applied over throat and chest. These vapors, inhaled with each breath, carried the medication through the air passages to the lungs, at the same time the salve was absorbed thru and stimulated the skin, attracting the blood to the surface and thus aiding the vapors inhaled to relieve the trouble. This preparation Mr. Richardson called Vick's VapoRub.

Vicks contains no harmful drugs, just the old-fashioned, time-tested remedies—Menthol, Camphor, Thymol, Eucalyptus, Turpentine, etc.—combined in a new-fashioned way.

The Use of Vicks Has Steadily Increased

Starting with the customers of Mr. Richardson's retail drug store, the sale of this external treatment has grown, county by county, state by state, until now Vicks can be found in almost any drug store in all sections of the United States.

Mothers who once use Vicks always keep a bottle on hand thereafter. It is so easily applied, so quick in its effects, and, best of all, can be used as often and as freely as desired, without fear of harmful results.

DIRECTIONS FOR THE USE OF VICKS

Vapors Important—For these troubles a large part of the value of Vicks lies in its vaporizing qualities. So whenever Vicks is applied over the throat and chest, care should be taken to leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel, so that the vapors arising may be freely inhaled.

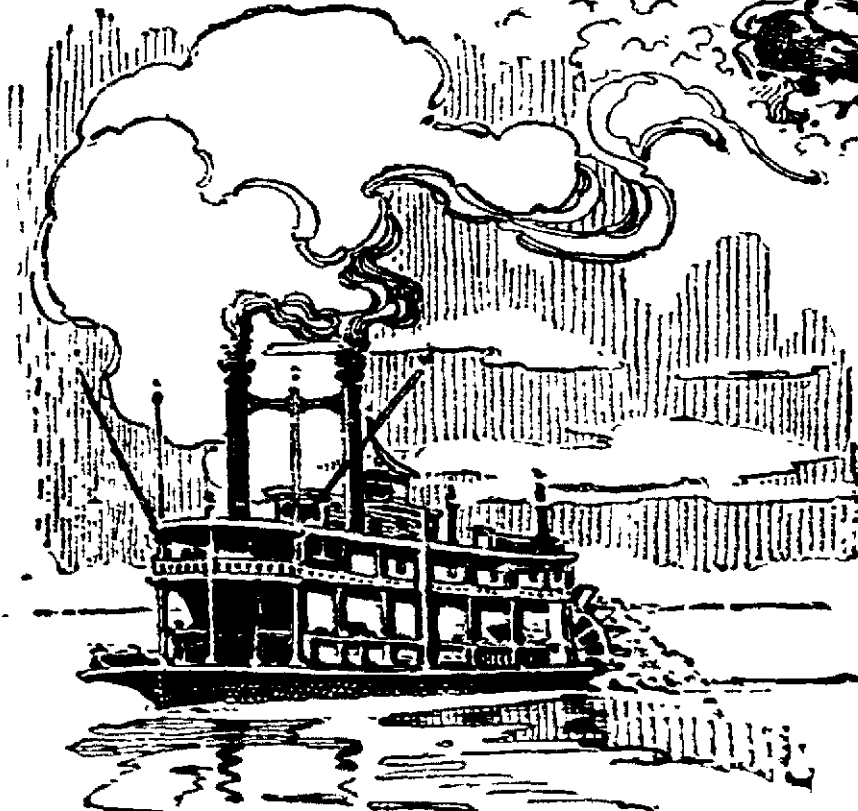

Hot Wet Cloth—In cases of deep chest colds, severe sore throat or croup, pneumonia, hot, wet towels should be used over the throat and chest to open the pores of the skin before applying Vicks.

For Head Colds, Asthma, Catarrh, Hay Fever—Vicks can be melted in a spoon and the vapors inhaled, or a little should be applied up the nostrils and sniffed up the head.

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. An application at bed time usually prevents a night attack of croup. Vicks is particularly recommended for children's colds since it is externally applied, and can, therefore, be used often and freely without disturbing the youngsters' delicate digestions.

For Deep Chest Colds, Sore Throat, Tonsillitis, Bronchitis, Coughs—or any affection of the respiratory organs where there is tightness or soreness, Vicks should be applied over the throat and chest—if necessary, first using hot wet cloths—and rubbed in well until the skin is red; then spread on thickly and covered with one or two thicknesses of hot flannel cloths. If the cough is annoying, a small piece the size of a pea can be swallowed every few hours.

Minor Ailments
In addition to its use for Cold Troubles, Vicks has been found excellent as a salve, ointment or plaster for troubles such as Bites, Burns, Itchings, Scalds, Sunburns.

Now Over 17 Million Jars Are Used Yearly

The best evidence of the value of Vicks is the increasing number of families who, each year, are converted to the use of this real "Little Bodyguard in the Home."

The number of jars used annually for the last few years is:

1910.....	347,748 Jars
1911.....	523,152 Jars
1912.....	1,027,068 Jars
1913.....	1,357,590 Jars
1914.....	1,462,330 Jars
1915.....	2,418,213 Jars
1916.....	4,302,764 Jars
